

### OVERVIEW MASAI MARA MIGRATION PHOTO SAFARI

This **Kenya Photo Safari** is purely based on the **Great Wildebeest Migration** and gives the guests a once in a lifetime opportunity to witness and photograph this amazing natural spectacle. Witness the epic migration of a million plus wildebeest and zebra making their way from Kenya to the Serengeti, running the gauntlet of lions, crocodiles, leopards and more!

### GUIDES & SAFARI PHOTOGRAPHER

**Ambia Roy** will be your personal Safari photographic instructor throughout the entire duration of your safari. Photograph 'The Big Five' - Lion, Leopard, Rhino, Elephant and Buffalo (and the rest of Kenya's amazing wildlife)

Your safari guides will share their extensive knowledge of the Masai Mara wildlife, flora and fauna. To get the perfect photograph it is important to be able to study the animal and understand its overall behaviour, so as to perfectly position the vehicle and most importantly not to harass the animal or destroy the environment in any way possible. Over the years, having spent numerous hours closely interacting with the wildlife, they will assure you the perfect position to guarantee you that picture perfect shot.

All our safari guides have a minimum of the bronze level qualification from the Kenya Professional Safari Guides Association (KPSGA), which was set up to ensure excellent standards in guiding. They have a vast knowledge in a variety of fields, which include, ornithology, botany, geography, entomology and of course an extensive knowledge of the different animals encountered whilst on safari.

## CAMPS, HOTELS AND LODGES

While in Nairobi, guests will spend the night at The Crowne Plaza Hotel. The hotel is located in serene upperhill area overlooking Nairobi's City and central business district. The hotel is famed for its exceptional standards of efficiency, service and five star hospitality. The hotel is only a 30 minute drive from Nairobi's Jomo Kenyatta International Airport.

On safari, the guests will be staying at a luxury five star camps/safari lodges located right in the centre of the famous Maasai Mara National Reserve that boasts excellent cuisines from all around the world and they cater for both vegetarians and non-vegetarians.

## VEHICLES

All vehicles used while on safari are entirely safari modified land rovers 4x4s that are custom built to deal with the harshest of terrains and also to ensure your comfort and safety. They are capable of carrying up to a maximum of 5-7 PAX, but we recommend only 3-4 PAX per vehicle to ensure the utmost satisfaction, easy wildlife observation and photography. All vehicles are also fully equipped with roof hatches to improve all round game viewing and offer you a 360-degree panoramic view of your surroundings.

## GUESTS/PARTICIPANTS

This safari will be for a minimum of 4 guests and a maximum of 8 guests. Each vehicle will comprise of 4 guests ensuring them maximum space for all their photographic gear and equipment and maximum comfort while on game drives.

NB: Choose dates between 5th September and 30 the September 2018
