Day 2: Masai Mara

We leave Nairobi early this morning (07.00) and drive 4-hours across the scenic Great Rift Valley, travelling in a safari minibus with pop-up roof for game viewing and guaranteed window seat.

We pass through Kenya's fertile highlands and head down the rift escarpment on a road built by Italian prisoners during World War II. Look for the charming chapel they built at the foot of the escarpment. We pass the impressive Longonot earth satellite station and head across the valley to Narok, before reaching the Masai Mara in time for lunch.

Masai Mara National Park is named after the Masai people and the Mara River, which divides the park. This park is famous for its exceptional population of game and the

annual migration of zebra and wildebeest from the adjoining Serengeti National Park. This phenomenon occurs every year from July to October, when game migrates along a circular route from the plains of the Serengeti to the Masai Mara and back again in search of fresh pastures, followed by hungry predators - most notably lions and hyena.

Check into your lodge in this magnificent wildlife sanctuary and enjoy an afternoon game drive.

Day 3: Masai Mara

Today is dedicated to game viewing on the open plains of the world famous Masai Mara National Park.

Nestled within the enormous Great Rift Valley, the Masai Mara is famous for its many prides of lions, packs of hyena and other predators - as well as huge herds of wildebeest, which number over one million, zebra and giraffe. All the Big Five can be seen here, as well as numerous other species including the Thomson's gazelle, topi, kongoni, impala, roan antelope and hippo. The nocturnal bat-eared fox, rarely found elsewhere in Kenya, also inhabits this park as well as the endangered cheetah and black rhino. Bird watching is also excellent with over 450 different species including the vulture, marabou stork, secretary bird, hornbill, crowned crane, ostrich, long-crested eagle and African pygmy-falcon.

Set off early each morning, when game viewing conditions are at their best, to view the abundant wildlife of this region. Return to the lodge to rest in the heat of the day, before setting off again in the late afternoon for another game drive. We also visit a local Masai Village to see their way of life.

We drive across the “breadbasket” of Kenya, where acres of wheat and barley cover the landscape, towards Narok - the district headquarters of this part of Maasailand. We traverse the vast plains on the floor of the Rift Valley, keeping an eye out for herds of giraffe and gazelle as we head up the Mai -Mahiu, before arriving at Lake Elementaita around midday.

Following lunch, we depart for a game drive in Lake Nakuru National Park, returning to your lodge as the sun sets. This national park, known for its birdlife, is also home to black and white rhino as well as the endangered Rothschild giraffe.
