SMALL GROUPS SAFARIS

The maximum size of each group is 20 – 25 people in order to get the more friendly vibe of travel. You get to know each other and the guide can adopt more individual approach with our **small group safaris** .

WE'LL TELL YOU THE TRUTH

On some of our trips accommodation can be quite basic; volunteering is not always fun, sometimes it's pretty tedious too; overnight journeys can be tiring; arriving in a strange country for the first time can be a daunting prospect and local customs can be difficult to understand... All these aspects and more can be turned into positive experiences IF you know what to expect and are prepared for it. We'll always try to offer advice about the things you really need to know and we'll also tell you if we think you're making an unwise choice as to which trip is most suitable to your needs.

WE'LL TAKE CARE OF THE DETAILS

Leave the legwork to us. We've secured quality accommodations and arranged for transportation, excursions, entrance fees, portorage, and most meals and gratuities. We take care of the details so you can relax, enjoy, and immerse yourself in the wonder of the places you are exploring.

TRAVEL WITH THE EXPERTS

The experience to see places through the eyes of an expert is great. Our team of travel experts constitutes knowledgeable people carrying a deep sense of understanding of an area to be traveled. Thus you get an insider's perspective and their palpable enthusiasm makes your journey unforgettable.

FREE TIME

It is not just a mindless rush for sights. Our trips are planned so you could have enough time to enjoy the surroundings on your own.

LEAVING A FOOTPRINT ON EVERY JOURNEY

We strongly believe in travelling responsibly, leaving a positive mark in our journeys and equally encourage our clients to do the same: This includes, minimizing the impact on the people, wildlife and environment in the destinations we travel to. Where possible we encourage our clients to donate during their safaris directly to the communities that we visit.
